## Annual E-Governance Report Approved by the Governing Council/ Board of Management- 2017-18

The importance of e-governance has been taken into consideration by the College Development Committee (CDC). It has been unanimously approved e-governance which implies simple, moral, accountable, responsive, and transparent governance with the application of ICT (Information and Communications Technology). It also found out the governance interaction with the stakeholders, particularly, students, employees, Management etc. It aimed to increase efficiency, performance, and output. It promotes ICT tools to help in making these interactions fast, efficient, and transparent. Thus increases the satisfaction levels of employees, students, and management. The facilities under e-governance can be offered. This e-governance system proved helpful to design to improve the delivery and efficiency of government services and reduce paperwork. The e-governance report was unanimously approved by the College Development Committee (CDC).

## Annual E-Governance Report Approved by the Governing Council/ Board of Management-2020-21

The importance of e-governance has been taken into consideration by the College Development Committee (CDC) as ICT tools help in making academic interactions fast, efficient, and transparent. Thus increases the satisfaction levels of employees, students, and management. The exigency of e-governance proved very helpful during the Corona pandemic, especially in virtual meetings of the stakeholders. It also found out the governance interaction with the stakeholders, particularly, students, employees, Management etc. It aimed to increase efficiency, performance, and output in troubled times. This pacifies the academic needs of the student as well as teachers.. This e-governance system proved helpful to design to improve the delivery and efficiency of teaching-learning online. The e-governance report was unanimously approved by the College Development Committee (CDC).

## Annual E-Governance Report Approved by the Governing Council/ Board of Management-2021-22

The importance of e-governance has been taken into consideration by the College Development Committee (CDC). It has been unanimously approved e-governance which implies simple, moral, accountable, responsive, and transparent governance with the application of ICT (Information and Communications Technology). It also found out the governance interaction with the stakeholders, particularly, students, employees, Management etc. It aimed to increase efficiency, performance, and output. It promotes ICT tools to help in making these interactions fast, efficient, and transparent. Thus increases the satisfaction levels of employees, students, and management. The facilities under e-governance can be offered. This e-governance system proved helpful to design to improve the delivery and efficiency of government services and reduce paperwork. The objective is to cut *Red Tapism* (is the practice of requiring excessive paperwork and tedious procedures before official action can be considered or completed) which will save time and reduce operational costs. This will also create a more transparent business environment when dealing with the students. The e-governance report was unanimously approved by the College Development Committee (CDC).
